**Additional Footage - \$.54 per foot per application
(Maximum road width we spray is 20 feet)**

PRICES INCLUDE TAX

Calcium chloride is produced from natural brine deposits found underground. It attracts moisture; this is what makes it an excellent dust control agent. **SFG does NOT guarantee complete suppression of dust, because of weather, traffic and road conditions may affect the treated area. Two applications are highly recommended. It is dust control, not complete dust elimination.**

Flags may be picked up at SFG – Knoxville and Albia Offices, and Monroe County Engineer’s Office. Flags must be in place and clearly visible from April 1st to October 1st. Flags should be placed approximately 6’ from the edge of the road on the traffic side for easy visibility. Failure to maintain flags may result in the loss of dust control.

Our trucks are equipped with computer equipment that measures the exact footage being sprayed. If the flags are not set to the correct footage purchased we will go to the purchased footage. If the area is not marked by flags the driver will use their best judgment for the treated area.

Weather permitting we plan to apply dust control after the 10th of May & July. Product SDS sheets are available upon request at Smith Fertilizer & Grain.

SIGN UP DEADLINES:

**March 29th
&**

June 28th

RETURN PERMIT & PAYMENT

KNOXVILLE, IA 50138

CUSTOMER RESPONSIBILITIES PER COUNTY

- 1.) The calcium chloride will be applied by the contractor you choose. Monroe County will coordinate their work with the dust control applicators. Each applicant will work directly with their own applicator.
- 2.) Monroe County will not blade up the treated area before October 1st, unless deemed necessary to maintain public safety. Determination will be made by the County Engineer and will be bladed, scarified or shaped without notice to the applicant. After October 1st, Monroe County may blade the area thoroughly depending upon conditions.
- 3.) The approved application grants the applicant permission to place calcium chloride on the public roadway for the purpose of dust control, the cost of which is to be borne by the applicant.
- 4.) The Monroe County property owner shall understand that any complaints regarding the performance of the dust control product shall be directed to the applicator, not to Monroe County.

Payments received by March 29th will be deposited on May 25th.

Payments received by June 28th will be deposited on July 25th.
